

Installing Phone Battery

This guide will instruct you how to replace the battery.

Written By: Elizabeth Kelly

INTRODUCTION

The objective of this guide is to demonstrate how to properly remove the battery from the phone. The procedure involves getting a coin to remove the battery by rotating the cap until the battery comes out.

TOOLS:

- [Coin](#) (1)
-

Step 1 — Battery

- Hold the phone as shown in the photo for best access to the battery cover.
- Insert coin into slit in the battery cover.
- Twist the coin clockwise until the battery cover is released.

Step 2

- Pull out battery.
- Replace the battery with a new rechargeable Panasonic Nickel-Cadmium battery.

To reassemble your device, follow these instructions in reverse order.
